## SOLUTION SERIES

[www.trimlite.com](http://www.trimlite.com)

## At the Intersection of Form and Function

Thoughtful, clean lines, simple design, and peace of mind. These guiding principles inspired us to create the Solution Series. The Solution Series is perfect for any door where you want the glass and the door to be the star, without the frame ruining your inspiration.

The Solution Series design eliminates any screw holes, so you don't have to worry about unsightly gaps or unfinished screw plugs. Our patented technology uses a compression seal and interlocking joints to adhere to your door, creating a powerful bond. The frame is built to resist warping and melting in high heat areas so it can be used with any color finish. Our textured frame comes in two colors to match any stain or paint.
