DOORLITE COLLECTION

YOUR HOME

2210
Solution Series

Homes come in every shape, size and design. So, whether your home is old or new, big or small, Contemporary or Colonial, finding a glass style that compliments what you have is important.

Our designers understand this. They have created designs that are simple to intricate, clear to obscure. This is where solid metals, textured and beveled glass come together to create true works of art. Everyone is different and so are our designs.

Let us help you create a front entrance that will be the focal point of your home and a true reflection of your taste and style. So now, it's your time to choose.

PRIVACY GUIDE

We offer an extensive line of designs to choose from and the degree of openness or obscurity varies considerably. To help your decision making process we have photographed each design under controlled circumstances so that you can see the difference. With each picture, we have included a number which represents the 'Privacy Level' for that particular design. This number will be referenced on the individual product page as well. Note: this 'guide' is subjective. It should only be used when comparing these designs.

Please Note: Due to ongoing product development We reserves the right to make changes in design, materials and specifications without notice. Please contact your dealer for more information.

Doorlites featured in either smooth (white), woodgrain (stained), or fir (stained) fiberglass doors. Some exceptions apply. Door slabs supplied by Plastpro, inc., a leading manufacturer of fiberglass door products. Contact your dealer for a complete list of Plastpro products available in your area.

SPECIFICATIONS

CONSTRUCTION

- Handcrafted, our decorative glass panels stay true to their stained glass roots.
- Our selection of premium art glass and bevels, which makes our designs come to life, are hand cut and fitted. Careful consideration is given to choosing textures, complementing elements are crucial to a design's given appeal.
- Using solid metals, where all of the joints are soldered by hand, ensures the panels will be strong enough to withstand daily use.
- Once assembled, the panel undergoes a thorough cleaning and inspection process. This attention to detail is our assurance of quality to you.

GLASS VARIATION

Decorative pattern glass is handmade. Through this process, slight imperfections or discolourations are inherent characteristics of all handcrafted glass. Bubbles or seeds, slight surface flaws and subtle variations in textures vary depending on the pattern. Some glass patterns, like Swirl and Drawn, are more likely to have these inclusions. They are not considered defects.

Swirl Glass Detail

Drawn Glass Detail

CAMING OPTIONS

Hand soldered metals in 3 finishes. See individual product pages for availability.

Brass Caming

Subtle gloss finish that defines luxury and style.

Patina Caming

Black satin finish offers a rustic or antique look to your home.

Zinc Caming

Brushed chrome appearance brings a contemporary look to your entrance.

INSULATING SYSTEM

All Decorative Doorlites are made with Super Spacer® Cushion Edge™, a flexible, U-shaped, silicone foam tape product used to wrap around and cushion our center decorative panel. Featuring a vapor barrier backing, the product used in combination with Hot Melt butyl, provides a superior Warm-Edge seal.

PERFORMANCE FEATURES

- Warm-Edge Benefits: Superior silicone foam insulation, low thermal conductivity
- Silicone Foam Features: Excellent UV resistance and extreme temperature performance
- Dual-Seal Performance: Chamfered corners for increased sealant depth
- Tempered Safety Glass for your piece of mind
- Low E* with Argon Gas for your comfort as option

TrueWARM®
s p a c e r s

Super Spacer®

All Doorlites are certified by the National Accreditation and Management Institute, Inc. (NAMI).

All products are energy tested. Consult your dealer for specific energy ratings.

Warranties: Our products are covered by separate limited warranties. Please contact your dealer for more information.

SuperSpacer®, TrueWarm® and Cushion Edge™ are all registered trademarks of QUANNEX BUILDING PRODUCTS.

*Our doorlites are available with Low-E and Argon. However, some exceptions may apply. Contact your dealer for more details.

AT THE INTERSECTION OF FORM AND FUNCTION

Thoughtful, clean lines, simple design, and peace of mind. These guiding principles inspired us to create the Solution Series. The Solution Series is perfect when you want the glass and the door to be the star, while the frame blends seamlessly into the background.

The Solution Series design eliminates any screw holes, so you don't have to worry about gaps or screw plugs. Our patented* technology uses a compression seal and interlocking joints to adhere to your door, creating a powerful bond. The frame is built to resist warping and melting in high heat areas so it can be used with any color finish. Our textured frame comes in two colors to match any stain or paint.

DRS5F with 5-Lite

FRAME OPTIONS

Our Storm Series aluminum frame offers HVHZ Zone 4 Rating.

Our complete series of “Elite” frames, whether injection moulded or extruded PVC, all have a matching woodgrain with a low profile.

Our Solution Series frame profile features a clean, contemporary look. It also comes with the continuous screw strip cover feature.

For a more detailed breakdown of our different frame options, please refer to the following:

STORM SERIES IMPACT FRAME

This is our Flat Profile Storm Series Aluminum Frame. Specifications as follows:

Construction - Extruded Aluminum Keys Corner

Surface - Smooth Powder Coated White to Paint

Material - Aluminum

Glazing Material - Foam tape on Frame to Door + Dow 995 adhesive on frame to glass

Strips - Continuous strips to cover holes

ELITE WHITE FRAME

This is our Standard Maintenance Free White Frame (Does not require painting).

Specifications as follows:

Construction - Injection Moulded Low Profile

Surface - Woodgrain

Material - White Polypropylene or White PVC

Glazing Material - White foam adhesive on both channels (frame to glass & frame to door) or rubber gasket (PVC)

Plugs - Used to cover screw holes

NOTE: Oval (2057 OV & 1842 OV) and 2215 frame are raised.

ELITE TAN FRAME

This is our Standard Frame for Painting or Staining. Specifications as follows:

Construction - Injection Moulded Low Profile

Surface - Woodgrain

Material - Tan PC/ABS or Tan PVC

Glazing Material - Foam tape on both channels (black two sided tape frame to glass & white one sided tape frame to door) or rubber gasket (PVC)

Plugs - Used to cover screw holes

NOTE: Oval (2057 OV & 1842 OV) and 2215 frame are raised.

SOLUTION SERIES FRAME

This is our Flat Profile ABS Frame. Specifications as follows:

Construction - Injection Moulded Flat Low Profile

Surface - Woodgrain

Material - White ABS (for painting) or Tan ABC (for staining)

Glazing Material - Foam tape on both channels (black two sided tape frame to glass & white one sided tape frame to door) or rubber gasket (PVC)

Screwless Frame - No screws, no screw plugs, no screw strips

Sizes - 0764,0806, 0808, 2203, 2208, 2215 (1-Lite, 3-Lite, & 6-Lite) Only.
