

INTERIOR DOOR COLLECTION

www.trimlite.com

OUR STORY / INTERIOR DOOR INTRODUCTION

For over 35 years, Trimlite™ has been committed to producing high quality interior and exterior door and glass products. Founded in Vancouver, British Columbia, we operate manufacturing facilities in four countries with distribution locations across North America. Managing the largest interior wood door manufacturing facility in Western Canada, our team creates beautiful doors to meet your specific requirements.

Our Interior Door Collection is focused on the simple premise of crafting doors for the design needs of our diverse customers. It has something for every architectural space and style.

Unrivaled selection of Stile and Rail Panel, Barn and French doors that will complement any home style.

Starting with our Quick Ship program, we have a large selection of doors, like Shaker, Modern or Barn doors, ready for when you need them.

In addition to our Quick Ship offerings we also have a huge selection of “Special Order” products that will provide you with limitless design options to choose from.

Let Trimlite™ help you create an interior look that reflects your taste and complements the design of your home.

PRIVACY GUIDE

Trimlite™ offers an extensive line of glass options to choose from and the degree of opacity varies considerably. With each design, we have included a number which represents the “Privacy Level” for that product. Please refer to the guide below. **Note:** This guide is subjective. It should only be used when comparing Trimlite designs.

PRIVACY	1	2	3	4	5	6	7	8	9	10
	Completely Clear			Diffused/Distorted				Completely Opaque		
	Objects can be clearly seen through the glass from the opposite side.			Objects are distorted, but can still be detected from the opposite side.				Only light will travel through from the opposite side.		

Please Note: Due to ongoing product development, Trimlite™ reserves the right to make changes in design, materials and specifications without notice. Please contact your dealer for more information.

TRADITIONAL

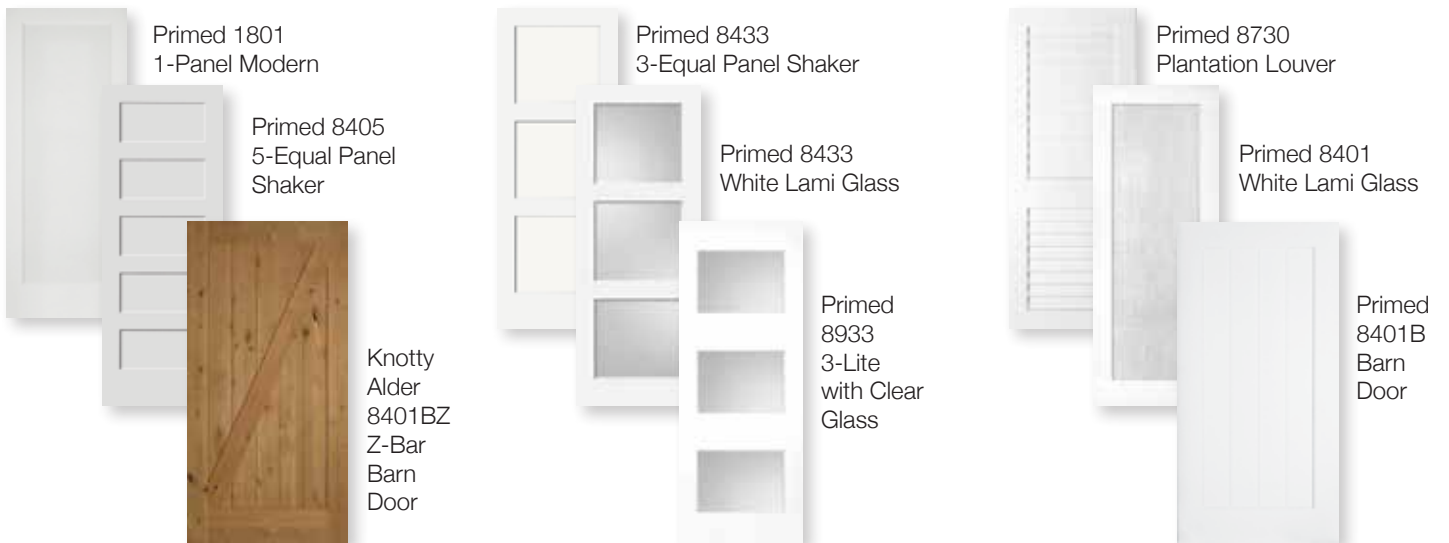

Traditional homes are comforting and classic. Their interiors are calm, orderly and predictable. Everything matches and is consistent. We suggest these doors for completing the look in a traditional home style and décor.

MODERN FARMHOUSE

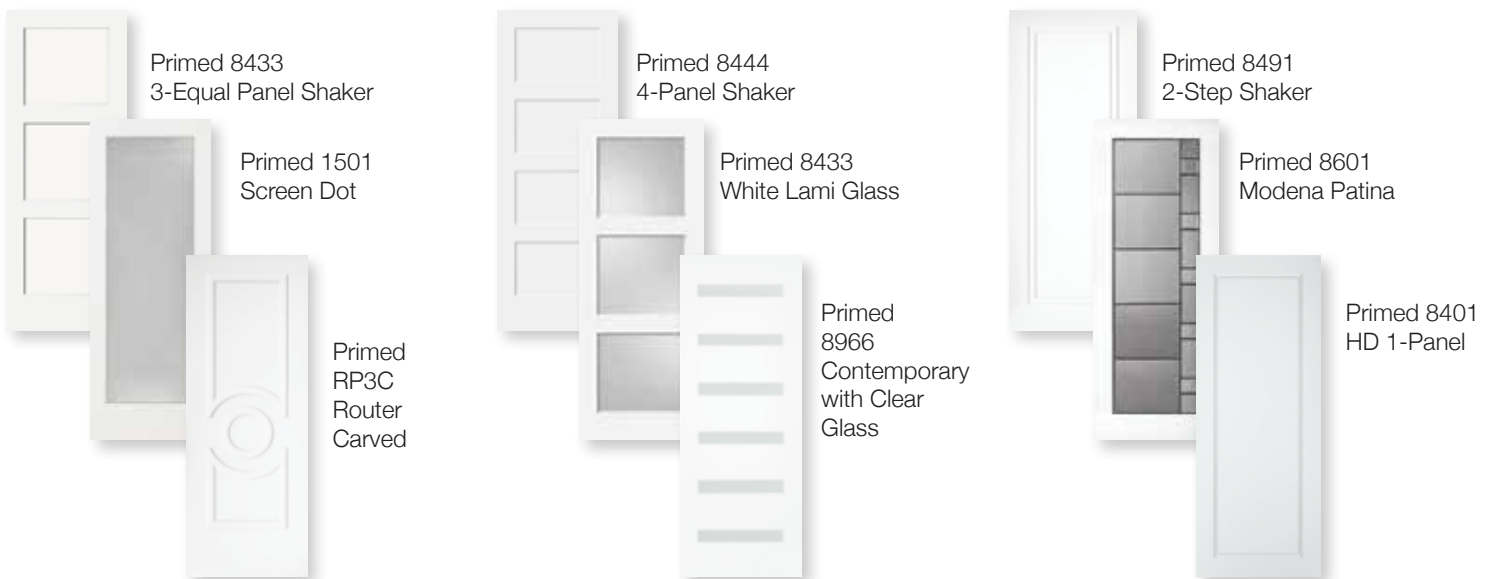

A balanced blend of modern and rustic, the Modern Farmhouse style continues to be a rising trend. We think these door styles intelligently mix modern and traditional.

CONTEMPORARY

Contemporary homes reflect the architecture and design of today. They represent smart design and curb appeal. We selected several doors that we believe represent the ethos of now and can be loved forever.

CRAFTSMAN

Craftsman homes emphasize hand-worked touches and beautiful detailing. Popularized at the turn of the 20th Century, it remains a popular design aesthetic. We have recommended several door designs that complement the beautiful detailing a craftsman home requires.

QUICK SHIP INTRODUCTION

Our Quick Ship program allows you to select beautifully designed doors when you need them. We stock an unrivaled selection of Panel, French and Barn doors that will complement any home style. Let Trimlite™ help you create an interior look that will be a true reflection of your taste.

QUICK SHIP APPLIED BEADS PRIMED

Now you can create a different architectural look with any of our "Quick Ship" door styles in either 1-3/8" or 1-3/4". Customize your look by adding one of the following beading profiles:

Option
Bevel Bead

Option
Square Bead

Option
Quirk Bead

Option
Ovolo Bead

Note: Custom applied bead will add additional time for processing. Drawings are not exactly to scale. Contact your dealer for more information.

QUICK SHIP APPLIED 2-STEP | Primed

Our 2-Step Flat Bead profile offers a unique take on a traditional shaker door.

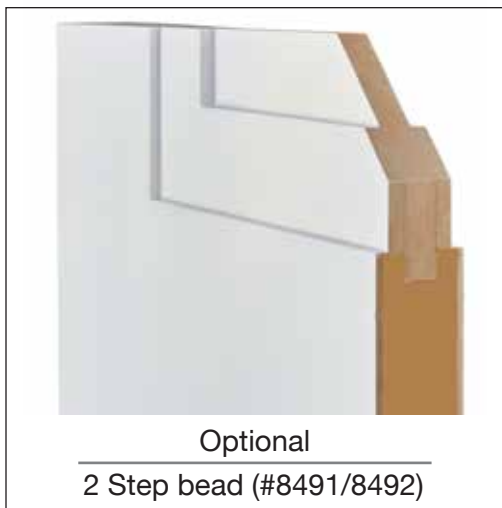

8492 "Two Panel"

8491 "One Panel"

Specifications

Our 1-9/16" flat bead steps down from the shaker style door, giving the profile depth and dramatic shadow lines while still maintaining its charm.

Note: Custom applied bead will add additional time for processing. Contact your dealer for more information.

Trimlite™ offers a broad selection of styles and glass options to complement any architectural look. From intricate to simple, clear to obscure. Everyone is different and so are our designs.

Let Trimlite™ create a focal point in your home that is a true reflection of your taste and style.

Now it's your time to choose!

Note: Delivery will vary for our French door products. Please contact your dealer for availability in your area.

LOCAL PRODUCTS

We source our wood products domestically, only using select grades of soft and hardwood species like Pine, Douglas Fir and Oak.

MADE IN NORTH AMERICA

Proudly built in British Columbia, we operate one of the largest interior stile and rail door manufacturing facilities in Canada.

DETAILS MATTER

We pride ourselves on being manufacturers, and to us, details matter. Whether it is a perfect joint, a seam-free router carved door, or a shaker with perfect edges, we want to build the best door every time. Although it might take a little longer than our Quick Ship doors, we want to make sure each handmade door is right the first time.

Primed 8402

SPECIAL ORDER | Shaker Doors & Bifolds

Our Shaker program also includes a wide selection of stain grade options and panel layouts.

Available options in 1-3/8" and 1-3/4" thicknesses, 6/8, 7/0, 7/6 and 8/0 heights.

Custom sizes and other species are also available. Contact your dealer for more information.

SPECIAL ORDER | Router Carved Doors

We are pleased to introduce the newest addition to our Interior Collection. Crafted using medium density fiberboard components, our Router Carved Doors give you seamless solid surface construction. We have included 1" solid wood edge strips in the stiles as well, providing screw holding strength for your hinges. Choose from our many standard designs or come up with your own. Our precision CNC machining provides you with absolute design flexibility.
