FIBERGLASS DOOR COLLECTION

www.trimlite.com

OUR STORY

For over 35 years, Trimlite has been committed to producing and distributing high quality interior and exterior door and glass products. Founded in Vancouver, British Columbia, we operate manufacturing facilities in four countries, along with distribution locations across North America. Managing one of the largest door distribution facilities in Eastern Canada, Trimlite offers a wide range of doors to meet your specific requirements.

Our Fiberglass Door Brochure represents a wide variety of doors to choose from. This program demonstrates our diverse product offering and commitment to distributing high-quality fiberglass doors. Our product line has something for every architectural space and style.

At Trimlite, Superior Quality meets Modern Design.

CONTEMPORARY

Contemporary homes reflect the architecture and design of today. They represent smart design and curb appeal. We selected several doors that we believe represent the ethos of now and can be loved forever.

CRAFTSMAN

Craftsman homes emphasize hand-worked touches and beautiful detailing. Popularized at the turn of the 20th Century, it remains a popular design aesthetic. We have recommended several door options that reflect the beautiful detailing a craftsman home requires.

TRADITIONAL

Traditional homes are comforting and classic. Their interiors are calm, orderly and familiar. Everything matches and is consistent. We suggest these doors for completing the look in a home with traditional style and decor.

FIBERGLASS DOORS

Our fiberglass entry doors have the following features and benefits:

FIBERGLASS REINFORCED SKIN

Our fiberglass door skins are designed for easy maintenance without splintering, rotting and warping as compared to wood doors, while also preventing denting, rotting and rusting as compared to steel doors. Our smooth doors can be painted and our woodgrain doors come in a variety of grains that can be painted or stained.

FULL LENGTH COMPOSITE TOP/BOTTOM RAILS AND STILES

All 6 sides of Trimlite fiberglass doors are made from composite material that protects the doors from water infiltration that can lead to rotting or warping.

EXTRA WIDE FULL LENGTH LOCK BLOCK

Our fiberglass doors include a 3-3/4" wide LVL lock block with 7/16" PVC cap running the full length of the door to provide strength and stability to the door which prevents warping or thermal bowing. It also allows for the installation of multipoint hardware for increased security.

CFC FREE POLYURETHANE FOAM CORE

Our CFC-Free, high density foam core allows for superior insulation as compared to wood doors while also providing improved soundproofing.

FEATURE & BENEFITS

- 1 FULL LENGTH LVL FOR EXTRA STRENGTH AND RIGIDITY (STRIKE SIDE SHOWN)
- 2 100% CFC FREE CORE
- 3 3MM THICK SMOOTH OR WOODGRAIN FIBERGLASS SKIN
- 4 DURABLE ALL-WEATHER COMPOSITE TOP & BOTTOMRAILS & FULL-LENGTH COMPOSITE STILES TO PREVENT WATER INFILTRATION

Trimlite carries a wide range of energy efficient doors and glass to meet changing energy code requirements. Our decorative and textured glass comes standard with Low-E and Argon Gas to comply with the latest energy ratings. We partnered with Cardinal Glass for our standard Low-E Glass, as they offer a variety of dual and triple glazed options to address many sound and energy needs.

Dentil Shelves are made of lightweight High Density Polyurethane (HDP). It is lightweight which makes it easy to install onto a door. It is weather-resistant and will not warp, rot or crack. Available in Woodgrain, Smooth, or Fir Grain finishes.

THE HIGH DENSITY POLYURETHANE (HDP) PROVIDES MANY BENEFITS SUCH AS:

EASY INSTALLATION using common wood working tools and equipment
WILL NOT ROT or absorb moisture, and resists the growth of fungus and mildew

CLOSED CELLULAR STRUCTURE prevents paint from peeling from the surface

WILL NOT WARP OR CRACK when properly installed, or be affected by UV rays when properly coated
